Committee: Senate Committee On Natural Resources and  
Wildfire

Measure, Appointment or  
Topic: SB747

Committee Members

Senate Committee on Natural Resources and Wildfire

Water really is life and Oregon's water resources are threatened over much of the state. As a forest land owner and manager I am as concerned about diminishing quantity and quality of water in our state as I am about wildfire. I think SB 747 is another small step toward protecting our remaining water resources and urge you to support it. Anyone lucky enough to have 200+ acres of irrigated land can do their part. By passing SB747 you will find yourselves on the right side of history and I am absolutely sure future generations will thank you.

Sincerely,  
Sarah Deumling
