

Submitter: Marita Ingalsbe

On Behalf Of:

Committee: House Committee On Agriculture, Land Use, Natural
Resources, and Water

Measure, Appointment or Topic: HB3173

Dear House Committee on Agriculture, Land Use, Natural Resources, and Water, Oregon's botanical resources are essential to Oregonians where they live, work, play, and study. The OregonFlora database supports the use of these resources for healthy forests, productive rangelands, agricultural operations, outdoor recreation, and native plant horticultural businesses. It was recently launched by Oregon State University based on decades of research and volunteer contributions, and now needs support to ensure ongoing maintenance. Please approve HB 3173. Thank you.
