

Submitter: Andrea Heid
On Behalf Of: HB3173
Committee: House Committee On Agriculture, Land Use, Natural
Resources, and Water
Measure, Appointment or Topic: HB3173

It's rare to find a resource such as the OregonFlora website that has provided so much information with limited funding. I support establishing the OregonFlora Program at Oregon State University because it will leverage 30 years of research, volunteer effort, and citizen science contributions to make this information available to many others and also make it sustainable. Thank you for supporting this bill.
