

Submitter: Nancy Baumeister

On Behalf Of:

Committee: House Committee On Agriculture, Land Use, Natural
Resources, and Water

Measure, Appointment or Topic: HB3173

I am an OSU graduate in Horticulture and Soils and I use the OregonFlora website regularly to identify plants in support of the Oregon Bee Atlas, as well as for general appreciation of the variety of plants that Oregon is blessed with. We have an extraordinary variety of ecosystems from coastal to desert to montane and an extraordinary variety of plant species. The Oregon Flora project will be a valuable resource for decades to come and deserves our support.
