

Submitter: David Wall  
On Behalf Of: Mr Oregon SUPPORTS HB 2135  
Committee: House Committee On Agriculture, Land Use, Natural  
Resources, and Water  
Measure, Appointment or Topic: HB2135

I SUPPORT [HB 2135].

[HB 2135] SHOULD NOT be restricted on residential properties.

Property crimes appear to have become a right-of passage for the criminal element.

Residential properties should be allowed to use electrified fences to protect property and safety issues and should also be immune from any and all Civil litigation arising from their uses.

It is past time to "shock" the criminal element back into reality.
