Measure, Appointment or Topic: HB2093

Legislators, please do away with the estate tax which every tax paying citizen should view as tyrannical in nature and fact. this is government authorized robbery of it's citizens when that property and money was already taxed upon our family members and the government should have no right to tax it again upon the families. stop the government overreach and corruption and make money for the state by being good stewards of the money you receive from the fair taxes already paid by the citizens and don't bloat the coffers by applying and creating unfair taxes. thank you.

Sincerely,
