Measure, Appointment or Topic: HB3173

Dear Committee,

Oregon Flora is a fantastic free resource used by many Oregonians to understand our botanical resources. As a small farmer and conservationist concerned with climate change, I highly value the botanical knowledge that is freely available with Oregon Flora. Please support HB3173 to sustainably fund OregonFlora so that they can maintain and further develop the dynamic dataset for the benefit of all Oregonians.

Sincerely,

Eliza Mason
