

Submitter: Douglas Beauchamp
On Behalf Of: BeaverWorks
Committee: House Committee On Agriculture, Land Use, Natural
Resources, and Water
Measure, Appointment or Topic: HB3143

I urge the Committee members to support programs to enhance habitats for native beavers in Oregon. Traveling in Eastern Oregon, I often notice the fragile balance of land use for agricultural production and a robust natural environment for native wild animals. We need to strengthen partnership opportunities for a positive management of natural habitats that help farmers by conserving water through a process which includes a healthy beaver population. Thank you.
