

Submitter: Sophie Els  
On Behalf Of: Jill Myatt  
Committee: House Committee On Agriculture, Land Use, Natural  
Resources, and Water  
Measure, Appointment or Topic: HB2979

The following public testimonial was provided by Jill Myatt, with Feather Goat Farm in Baker City, as part of their Farmer and Rancher Disaster Resilience Grant Report.

“The improvements we made with this funding was critical to the success of our 2024 chicken production. In Baker County, July was the hottest month ever recorded and the most days above 100 degrees in a year. If we would not have received this grant and were still using our old mobile coops and waterers, we would have experienced major death loss and reduced weight gains due to the extreme temperatures.”
