

Submitter: Sophie Els  
On Behalf Of: Eliza Mason  
Committee: House Committee On Agriculture, Land Use, Natural  
Resources, and Water  
Measure, Appointment or Topic: HB2979

The following public testimonial was provided by Eliza Mason, with Lilliputopia in Monroe, as part of their Farmer and Rancher Disaster Resilience Grant Report.

"We are so grateful for the additional water security these tanks give us. Due to climate change, water will become increasingly more valuable and scarce as we experience more drought and heat waves. This grant allowed us to move forward with this much needed project to expand our rainwater catchment and to ensure the future of our food crops."
