

Submitter: Kevin Goodrich
On Behalf Of: Common Sense
Committee: Senate Committee On Energy and Environment
Measure, Appointment or Topic: SB828

SB 828 exploits the Biden grant program by creating a pot of money for Gov.Kotek to fund more wind and solar farms..or install more government-run charging stations..or develop technology to spy on Oregonians via smart meters - all of which has very little benefit to Oregonians, so the advice on this proposed bill is a hard no. Strongly oppose.
