On Behalf Of:

Committee: House Committee On Agriculture, Land Use, Natural
Resources, and Water

Measure, Appointment or Topic: HB2979

This bill supports access to healthy food for folks below the poverty line and it supports small organic farmers who barely make ends meet. As a physician I see the disastrous effects of lack of healthy food choices on the body, increase rates of diabetes, heart disease, obesity to name a few. Please support this bill. It is a win/win bill.

sincerely,

Philippa Ribbink
