Measure, Appointment or Topic: HB2979

Good afternoon,

I am writing in firm and enthusiastic support of HB2979. One of the things that makes Portland such an amazing place is our diversity of farmer's markets! And with potential food insecurity on the horizon due to avian flu and tariffs, we need these markets more than ever. Please continue funding these community resources, to include the Farmers Market Climate Resilience Grant Fund and SNAP support grants--they're good for our farmers, and for us!
