

Submitter: John Perona

On Behalf Of:

Committee: House Committee On Climate, Energy, and
Environment

Measure, Appointment or
Topic: HB2961

I write in support of the bill. With 40% of Oregonians being renters, this bill will open up the possibility of owning an EV to a large swath of our population who currently cannot access home-charging. Expanding EVs is crucial to decreasing emissions in the transportation sector, and is thus central to reaching Oregon's climate goals.
