Measure, Appointment or Topic: HB2979

I am writing in support of HB 2979. I am a huge advocate for farmer's markets and food resilience hubs. I am someone who has experienced food scarcity, and now am someone who is able to buy over 80% of my weekly groceries from the local farmer's market at PSU. This is such an important value to the community that it cannot be stressed enough. I rely on these farmer's for my sustenance and wellbeing, and there are few things more beneficial to the local economy than sustainable farming. Please vote to approve this bill. Thank you for reading.
