

Submitter: Robert Bain  
On Behalf Of: All Oregonians  
Committee: Joint Committee On Transportation  
Measure, Appointment or Topic: HB2931

Please pull this from consideration as Oregon is already taxed to death with a total taxation that's 3rd in the nation!

You democrats are turning our once beautiful state into a dump! It is obvious that none of you care about our working families or communities!.

You should all resign!
