

Submitter: Kyle Strauss

On Behalf Of:

Committee: House Committee On Agriculture, Land Use, Natural
Resources, and Water

Measure, Appointment or Topic: HB3173

This is a comment in support of establishing the OregonFlora program at Oregon State University. I am in support HB3173 as I use the OregonFlora website both in a professional capacity, but also as a private landowner who appreciates native plants. The website is easy to use, and I often refer clients, and friends to use it as resource for identifying and learning about plants native to our state. Please support this program.
