Committee: House Committee On Agriculture, Land Use, Natural
Resources, and Water

Measure, Appointment or Topic: HB3173

Hello-

I support measure HB3173 that extends funding to the Oregon Flora program. The website has been an invaluable tool for me to research native and coastal plants that will thrive in our newly developed neighborhood, Depoe Hills in Depoe Bay, OR. Additionally, as a Natural Resources alumni of Oregon State University that took courses from the botany department, I can see the importance in creating and maintaining this wealth of information.
