I truly believe it is unfair to the reired community, to have such a high rent increase, on most of the tenants who live on a set income. On top of the fact, that many of us, do pay taxes. If rent increases go beyond our tight living budget, we will not be able to afford our medication, and basic food requirements. It is our main concern, to set a cap on rent increases, that we, the reired community, have paid for all our lives.
