

Dear Co-Chair Helm, Co-Chair Owens, and Members of the House Committee on Agriculture, Land Use, Natural Resources, and Water,

My name is Angie Brummitt and I am a People's Farmers' Market community member from Portland. I am writing to strongly support **HB 2979**, and urge continued investment in Oregon's **farmers markets**, which serve as critical infrastructure for local economies, small farms, and food access programs.

The **Farmers Market Climate Resilience Grant Fund** and **SNAP support grants** have been lifelines, helping markets upgrade infrastructure, implement cooling and smoke mitigation strategies, and expand SNAP/Double Up Food Bucks programs. But demand **far exceeds available funding**—grant requests would have required more than double the resources OFMA has to distribute. Without renewed investment, farmers markets will struggle to continue serving their communities.

These programs impact me personally because local farmers markets are vital to local economies, increase sustainable resiliency of food systems during increased disruption due to climate change, and they provide access to healthy foods.

OFMA and Farmers Market Fund can leverage state funds to **match federal funding**, strengthening our farmers markets and local food systems. We cannot afford to fall behind. **Please support HB 2979 to keep our markets strong, our farmers supported, and our communities fed.**

Thank you,

Angie Brummitt
