I OPPOSE [HB 2961].

Rents are going to skyrocket.

There is "No" reliable electrical power-You blew-up (4) dams reducing hydroelectric power-the electrical grid has aged past its service life and is unreliable.

EV charging stations are taking up "Disabled Parking Spaces."

EVs are not selling wel at all-people are buying "Hybrids."

Oregon needs to "Pull in the Welcome Mat." No more Housing development.
