Environment

Measure, Appointment or
Topic: HB2961

I am writing in support of HB 2961. We need to encourage Oregon drivers to switch to electric vehicles to meet our state's climate goals, but it is difficult for renters to do that with confidence when there are insufficient facilities to recharge their vehicles at home. HB 2961 addresses this problem in a straightforward, common sense way. Please vote YES on HB 2961.

Thank you.
