Hello Lawmakers, I am writing as a parent of a disabled child. she's low support needs, but I couldn't imagine if I needed to choose between her safety and working outside of the home to make sure we had money. Please lend your support to Senate Bill 538, or "Tensy's Law." Although parents of disabled adults can be paid caregivers, this option isn't available for children, leaving many young families with impossible choices. SB 538 would increase access to Oregon's Children's Extraordinary Needs (CEN) waiver; allow parents of minors to be personal support workers; and ensure this compensation comes from already-obligated funding. Oregon has a legal and moral obligation to ensure that children with disabilities receive the care they are entitled to. The state already assesses the number of care hours a child needs, yet it consistently fails to meet these obligations due to workforce shortages. Tensy's Law offers a fiscally responsible approach that prioritizes both budget efficiency and better health outcomes. With regards, Eden
