

Submitter: Peggy Nagae

On Behalf Of:

Committee: House Committee On Climate, Energy, and Environment

Measure, Appointment or Topic: HB3170

My name is Peggy Nagae, and I was raised on a farm in Boring, Oregon. I remember what it was like not to have indoor plumbing, not to have central heating, and not to have any cooling system in the summer. I remember eating government surplus food in the winter. In short, I remember what it was like to be poor. With our increasing number of homeless people, the high cost of energy, and people feeling the pinch of an administration where the price of eggs is even higher, we need safety nets where people can be taken care of and where mutual aid is available. I strongly support HB 3170, which requests an additional \$10 million to fund a second round of the Community Resilience Hubs grant program. I live in House District 43 and Senate District 22. Thank you. Peggy Nagae
