I OPPOSE [SB 481].

Who is going to pay for the "Licensure Program?"

How much is the Licensure Program going to cost?

License or not, the "Earned Wage Access" is yet another financial scam hoisted upon persons in need of quick, albeit earned cash.

EWA is the modernized version of "Compassionate Loan Sharking" that could easily evolve into destructive and addictive behaviors.

EWA programs are parasites feeding upon the financially depressed.

EWA programs should be prohibited.
