

Submitter: Rosemary Richter Embry

On Behalf Of:

Committee: House Committee On Agriculture, Land Use, Natural
Resources, and Water

Measure, Appointment or Topic: HB3143

Beaver habitat plays a vital role in recharging groundwater, enhancing fire resiliency, creating climate refugia for other species, improving water quality, and supporting healthy habitat for salmon. The 3-yr Beaver Action Plan acknowledges this and with funding would be able to advance their plans of restoration.
