Re: Support for Victims of Crime Act grants (HB 3196)

Chair Kropf, Vice-Chairs Chotzen and Wallan, and Members of the House Committee on Judiciary,

On behalf of Clackamas Women's Services (CWS), we are submitting testimony in support of HB 3196, which appropriates money to the Department of Justice to backfill reductions in federal Victims of Crime Act (VOCA) grants.

The mission of Clackamas Women's Services (CWS) is to break the isolation of domestic and sexual violence. Incorporated in 1985 as Clackamas County's first domestic violence shelter, CWS is a community-based organization providing comprehensive services to survivors of domestic/dating violence, sexual assault, elder and vulnerable adult abuse, human trafficking, exploitation, and stalking.

## **Background**

In 1984, Congress signed VOCA into law and created the Crime Victims Fund (CVF). VOCA funding (appropriated from the CVF) is the primary source of federal grants for victim services, including services for survivors of domestic violence, child abuse, sexual assault, human trafficking, elder abuse, and other crimes. It supports victims in some of the most high-risk scenarios who are experiencing strangulation, stalking, and an increased risk of serious injury and homicide. It also matches 75% of eligible state victim compensation funding.

## **Impact**

Programs across the state rely on VOCA funding to provide services, including Children's Advocacy Centers, District Attorney Victim Assistance Programs (DAVAPs), Community-based Nonprofit Domestic Violence and Sexual Assault (DVSA) Programs, and Campus Sexual Assault Programs. These grants fund vital services to survivors of domestic and sexual violence, ranging from crisis intervention to long-term healing.

CWS utilizes these funds to support children and adult survivors with wide-ranging crisis intervention and long-term supportive services, which would be in jeopardy if cuts were to go through. At-risk services include:

Emergency shelter—we provide over 11,000 nights of shelter annually.

256 Warner Milne Road, Oregon City, OR 97045 (503) 655-8600 | www.cwsor.org

- 24/7 crisis line—supporting nearly 2,000 survivors annually.
- Sexual assault hospital response—launched last year to support survivors when they need it most.
- Community-based services, including advocacy at A Safe Place Family Justice Center—
  the only walk-in center in Clackamas County—where we serve an average of 15 people
  each day, most are accessing our services for the first time. Additionally, we provide ongoing support services such as emergency and long-term safety planning, legal
  advocacy, food assistance, and help with restraining orders. There were 3,179 visits to
  the center in 2024.
- Youth services for more than 600 children and teens throughout Clackamas County, including: advocacy, support groups, art-based therapy groups, community-building, and a yearlong mentoring program, as well as parenting workshops, support groups, and community-building events for 138 adults.

VOCA funding plays a significant role in creating the safety and security we want to see in our communities.

Bipartisan efforts are underway federally to create a long-term solution for the CVF, and your support in creating a bridge for organizations like ours to stabilize funding and our ability to offer life-saving services to survivors is essential. We know that supporting victims of crime is a nonpartisan issue, and these efforts will continue. There is a separate bill in the Oregon Senate to support a federal fix—SJM 2 Urging Congress to fund VOCA.

For the above reasons, we urge you to support this request for bridge funding of VOCA grants by passing HB 3196. Crime victims and survivors in Oregon deserve the safety and well-being that these funds afford. Organizations like ours that provide these services cannot continue delivering them without your support. Thank you for your consideration and for the opportunity to testify.

Sincerely,

Melissa Erlbaum
Executive Director
