Testimony in Support of HB 3136

2/05/25

I want to point out the benefit to remove the real estate specific restriction on planning commission membership. We absolutely need to allow for occupational diversity on the planning commission but not limit the number of individuals specifically because they are in a somewhat overall industry. Ultimately this is an issue of fairness and It doesn't stack the deck with real estate interests, it just allows the public to elect who they want to elect.

I support the bill and many do as well. Please consider this when making the decision in supporting HB 3136
