Measure, Appointment or Topic: SB474

I am NEUTRAL on [SB 474].

"The Criminal Defense Clinical Legal Education Program Fund" should be constructed as a "Restricted Use FUND" with strict access and usage to guarantee monetary survival from marauding politicians.

I am greatly concerned as to the lack of specific detail as to the initial funding and amount. As a rule, I do not support proposed programs without definitive funding and their source(s).

The merit of the proposed "The Criminal Defense Clinical Legal Education Program" is currently without contestation.

David S. Wall  
Mr. Oregon Concurs.
