On Behalf Of: Mr Oregon is NEUTRAL on SB 385
Committee: Senate Committee On Judiciary
Measure, Appointment or Topic: SB385

I am NEUTRAL on [SB 385].

The only reason I am not supportive of [SB 385] is from the TEXT as seen below:

"... (2) Making a false report of child abuse is a Class A [violation] misdemeanor for a first or second offense, and a Class C felony for a third or subsequent offense..."

I believe even the first offense should be a Felony with mandatory jail time.

I do not believe in the "Namby Pamdy first and second offense" crap.

Making a false child abuse claim does ruin reputations and lives.

The penalties listed in [SB 385] will not deter and or punish.
