Committee: House Committee On Agriculture, Land Use, Natural  
Resources, and Water

Measure, Appointment or Topic: HB2978

I strongly support HB 2978. Wildlife collisions are a growing problem in our State and we are woefully behind in our building of wildlife corridors. This bill makes so much sense to pass, particularly the part about mandating ODOT to consider building wildlife corridors when planning new roads or planning any new construction on existing roads. Wildlife corridors not only save wildlife that our State holds dear, but they also save human lives and property. We need this bill to pass. We need a better-managed plan for future corridors.
