Re: Support for Victims of Crime Act grants (HB 3196)

Chair Kropf, Vice-Chairs Chotzen and Wallan, and Members of the House Committee on Judiciary,

I am a former board member of Clackamas Womens Services (CWS), a community based private non-profit that provides services to women and children survivors of domestic and sexual violence, and I am submitting testimony in support of HB 3196, which appropriates money to the Department of Justice to backfill reductions in federal Victims of Crime Act (VOCA) grants.

#### Background

In 1984, Congress signed VOCA into law and created the Crime Victims Fund (CVF). VOCA funding (appropriated from the CVF) is the primary source of federal grants for victim services, including services for survivors of domestic violence, child abuse, sexual assault, human trafficking, elder abuse, and other crimes. It supports victims in high-risk scenarios who are experiencing strangulation, stalking, and an increased risk of serious injury and homicide. It also matches 75% of eligible state victim compensation funding.

#### Impact

Programs across the state rely on VOCA funding to provide services, including Children's Advocacy Centers, District Attorney Victim Assistance Programs (DAVAPs), Community-based Nonprofit Domestic Violence and Sexual Assault (DVSA) Programs, and Campus Sexual Assault Programs. These grants fund vital services to survivors of domestic and sexual violence, ranging from crisis intervention to long-term healing.

VOCA funding is critical for CWS. If these cuts occur, CWS will have to close our children's program or operations at the Family Justice Center (FJC) - which provides comprehensive services to survivors. CWS has evolved these programs over decades, and cuts could undercut the progress we have made.

Bipartisan efforts are underway federally to create a long-term solution for the CVF, and your support in creating a bridge for organizations like ours to stabilize funding and our ability to offer life-saving services to survivors is essential. We know that supporting victims of crime is a nonpartisan issue, and these efforts will continue. There is a separate bill in the Oregon Senate to support a federal fix—SJM 2 Urging Congress to fund VOCA.

For the above reasons, I urge you to support this request for bridge funding of VOCA grants by passing HB 3196. Crime victims and survivors in Oregon deserve the safety and well-being that these funds afford. Organizations like ours that provide these services cannot continue delivering them without your support. Thank you for your consideration and for the opportunity to testify.

Sincerely,

David W. Nebel
