

Submitter: Cheryl Bauer

On Behalf Of:

Committee: House Committee On Revenue

Measure, Appointment or Topic: HB2301

I am in support of this bill, as it is a start. In my opinion, the estate tax should be completely abolished. It is a tax on hard earned money that has already been taxed multiple times. Let families leave their legacy with having it stripped away by the state. Many people (and entire families) are exiting the state they know and love because of the senseless tax, including some of mine. Please pass this bill!
