

Submitter: Thomas Price Jr

On Behalf Of:

Committee: House Committee On Revenue

Measure, Appointment or Topic: HB2301

I am a happily married 49-yr old with three beautiful young children and have been an Oregon resident since 1983. While I love the rural community in which I reside, I am seriously considering relocating my family elsewhere where state policies more accurately reflect our values. As a former military officer and current airline pilot we are blessed to have a wealth of experience in travel and exposure to other regions of our country. Raising the estate tax threshold will assist in lessening my concern for providing financial opportunity/stability for my children.
