

Submitter: Pat Stoddard

On Behalf Of:

Committee: House Committee On Judiciary

Measure, Appointment or Topic: HB3196

As a CASA volunteer, I visited the child in the foster home and in some cases their family home to make sure that they were safe and properly taken care of. I also volunteered in the school playground and their class to monitor the child's behavior and passed my findings and impressions on through a written report to the judge overseeing the case. These children truly need an advocate. Please adopt the 1-amendment that includes CASA programs and pass the bill out of committee.
