

Submitter: Hilary McGraw

On Behalf Of:

Committee: House Committee On Agriculture, Land Use, Natural
Resources, and Water

Measure, Appointment or Topic: HB3143

I urge the legislature to support this bill. Few animals have an impact on our local landscape and ecosystems like beavers, it can only benefit us (likely in unforeseen ways) to invest in co-existing with these creatures. Protecting beavers will not just help their species alone, but will surely improve the health of our state's wetlands and biological diversity.
