

Submitter: Ashley Malpass

On Behalf Of:

Committee: House Committee On Judiciary

Measure, Appointment or Topic: HB3196

CASA is an organization that advocates for children in the child welfare system. Often times when a child comes into state care it's because they have suffered serious abuse or neglect. Children in the child welfare system often times don't have a voice or someone fighting for what is best for them. That is why CASA is so important. Each child deserves to have a safe home where they are able to thrive.

Please adopt the -1 amendment that includes CASA programs and pass the bill out of committee.
