Committee: House Committee On Revenue

Measure, Appointment or Topic: HB2301

Estate tax must end all together. It has made Oregon a less competitive state to do business in or to live in. Almost every state in the nation has ended the estate tax. It's a horrible tax on one y you have already paid tax on. And the horror that a spouse has to pay on that tax when one dies. I literally want to move from Oregon bc of the tax. Our taxes in general are stifling and really threaten the quality of life here.
