Committee: House Committee On Judiciary

Measure, Appointment or Topic: HB3196

The CASA program in Central Oregon is a vital support for children in Foster Care. I have served on the CASA board for 9 years and have been moved by the dedication of the staff and volunteers doing the important work of being the advocate FOR THE CHILDREN in the foster care system. CASA work complements the work of other agencies but is unique and needs to be adequately funded.

My ask is that you adopt the -1 amendment including CASA programs and pass the bill out of committee.

Thank you.
