

Submitter: Kathleen Bauer

On Behalf Of:

Committee: House Committee On Housing and Homelessness

Measure, Appointment or Topic: HB2400

As a native Oregonian for 70 years and as someone concerned about urban sprawl and the conservation of agricultural lands, I oppose this bill. HB 2400 would fragment Oregon's agricultural and forest lands by allowing an additional house on every rural property. It is written in a way to encourage short-term resale, with no safeguards for protecting these valuable lands that feed our communities.
