

Submitter: Kellie Kem

On Behalf Of:

Committee: Joint Committee On Transportation

Measure, Appointment or Topic: HB3155

Living on a county road and having small farm (very small) it would help to legally use our county road to haul hay and bring goods to neighbors quickly and easily with our farm side by side. I support this as long as teens and yahoos that want to speed around with loud baffles at all hours are not permitted to run a muck or off road in farm fields . But safe use I stand behind and would be helpful for our families and neighbors. Thank you
