

Submitter: Josh Jensen

On Behalf Of:

Committee: Joint Committee On Transportation

Measure, Appointment or Topic: HB3155

I am in full support of HB 3155. I have ridden side x sides areas of Oregon where it is legal to ride on streets and highways. As well as other states that allow it (Idaho/Montana). I've yet to see any negative effects only positive. It boosts tourism in smaller outlying towns, allows for easier access from trail to trail or campground.
