On Behalf Of:

Committee: Joint Committee On Transportation

Measure, Appointment or Topic: HB3155

I own rural property in Douglas County Oregon. We live on a road that pavement ends and connects to BLM roads. We own 2 sxs and have upgraded safety equipment on both. It would be nice to be able to drive on pavement to access BLM roads in our machines. As it stands now we must trailer and leave our truck and trailer along the road. With the increase in vehicle break it's We hate to do this. Our sxs has more safety equipment on it than many cars on the road to include aftermarket cages, fire extinguishers, shovels, harnesses etc. I feel that if a vehicle follows the law of the road they should be able to use the roads.
