

Submitter: Stacy Rick Jones

On Behalf Of:

Committee: Senate Committee On Natural Resources and  
Wildfire

Measure, Appointment or  
Topic: SB769

We live in the outer parts of Veneta. The numbers of cougars in the area is so high they turn to livestock for food, if hunters could use hounds to round them up it would bring the predator numbers down and the game numbers up. That would provide cougars the opportunity to focus on the wild game and leave people's livestock alone.
