

Submitter: Clint Fosdick
On Behalf Of:
Committee: Senate Committee On Natural Resources and
Wildfire
Measure, Appointment or Topic: SB769

I support SB769 to control the population of cougars. The deer and elk decline is a direct result of the banning of hounds used for hunting cougars (and bears). I believe the habitat hasn't changed as much to affect the population of deer and elk. If the hunting opportunities for Cougars don't change I believe the deer and elk population will continue to decline and do irreversible harm to hunting opportunities and other wildlife in the state. Let the Counties decide how to be able to hunt Cougars. That way the rest of the State won't be controlled by Multnomath County. Thank you.
