Committee: Senate Committee On Natural Resources and  
Wildfire

Measure, Appointment or  
Topic: SB769

I am in favor of sb769 it is science based, ethical and makes sense. Putting some decision making for our rural communities in the hands of the people that live here instead of having to live our lives by rules and decisions that people in big cities who have no idea how our rural communities work vote, is a much better and more efficient than whats going on now. Thankyou for reading.
