

Submitter: Kim Cross

On Behalf Of:

Committee: Joint Committee On Transportation

Measure, Appointment or Topic: HB3155

I would be very much in favor of passing this law. Many other states have this law and are creating extra revenue off of it. In my case, I cannot go to Utah and ride on their streets because I do not have a state authorized plate. By riding on streets, I am mainly going from one road or trail to another. Very much on board for passing this law.

Thank You
