On Behalf Of:

Committee: Joint Committee On Transportation

Measure, Appointment or Topic: HB3155

I own 780 acres in Canyonville. After taking care of 780 acres and 5 children with gas prices and food prices it would be convenient to use them for going to town., I have two side by sides and a kei truck both do the local speed limit, and are equipped with proper lighting and blinkers some days we use them to get to end of driveway and have to park them and use our regular vehicles with fuel costs and price of food it would be beneficial to be able to get supplies like gas cans and propane bottles, and food in our side by sides.
