If a Polaris Slingshot is legal to drive on the road I believe a street legal side-by-side should be able as well.

There are other vehicles with half of the safety requirements that are street legal here in Oregon.

Having Class I, Class III and Class IV all-terrain vehicles on highways is nothing new, many states allow this.

here are the examples

Polaris Slingshot(Three wheel car with no roof)

Ford Cobra (no roof, small driver side cage)
