

Submitter: Eugene Gavette

On Behalf Of:

Committee: Joint Committee On Transportation

Measure, Appointment or Topic: HB3155

I support this because it would help local hotels, restaurants, and stores. As well as help with the lack of day use parking at the riding areas causing people to park in areas not designated for parking. Locals would be able to go from their house instead of taking up day use areas needed by the out of towners. May also reduce the theft in the day use areas.
